YOUR FUTURE SECURED
Introduction

Harling security is a specialist manufacturer and supplier of a wide range of security systems for property protection for both new build and refurbishment works. From its comprehensive range, security shutters, fire shutters and other products comprising steel gates, specialised shutters, steel doors, cages, strong rooms, crime shields, screens, louvre panels, sliding grille and security fencing.

Harling security is a family firm that has years of experience with highly trained operatives and offers a wide range of services for small to large projects. The company is experienced in design, manufacture and installation of physical security products to meet all requirements and is a dedicated company working from the initial design concept through to final installation and after-sales service. The company pursues rigorous testing and maintains continually high standards so that applicable products will comply with current and future CE Regulations. Products have police preferred specification, have achieved LPCB 1 to 4 ratings and are insurance approved, as well as being Secured by Design to SEAP Class 2.
Warranties and Maintenance

All products carry a 12 month minimum parts and installation warranty. Motorised products carry up to a 5 year parts warranty on various motors depending on specification and requirements. Service contracts and maintenance agreements are offered as part of the package to provide ongoing service. This is backed up by a repair and emergency call out operation, for peace of mind.
